Black people is a term used in certain countries, often in socially based systems of racial classification or of ethnicity, to describe persons who are perceived to be dark-skinned compared to other populations. As such, the meaning of the expression varies widely both between and within societies, and depends significantly on context. For many other individuals, communities and countries ...

Abstract. The advent of modern genetics has seen the evolutionary community redouble its efforts to argue for human-primate common ancestry and against the traditional Christian understanding of the origin of the human race. As has been argued in previous chapters, a careful reading of Genesis 1â€“11 indicates that God created Adam and Eve supernaturally and without prior ancestry, and that ...
