A habit (or wont) is a routine of behavior that is repeated regularly and tends to occur subconsciously.. The American Journal of Psychology (1903) defines a "habit, from the standpoint of psychology, [as] a more or less fixed way of thinking, willing, or feeling acquired through previous repetition of a mental experience." Habitual behavior often goes unnoticed in persons exhib

Research Design can also be variously defined as the systematic planning of research to permit valid conclusion. (Reis & Judd, 2000, p. 17). It involves, for example, the specifications of the population to be studied, the treatment to be administered, and the dependent variables to be measured- all guided by the theoretical conceptions underlying the research.
