Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

NEW EVERYTHING IS CHANGE. Beatrice Walditch. In Everything is Change Beatrice Walditch shows how contemporary ideas of an ever-emergent cosmos are also part of the traditional worldview in places as far apart as Greece and China. This understanding of how the world works is in complete contrast to Christian concepts and the various successors "including supposedly secular science as well as ...

Marketing strategy is a long-term, forward-looking approach to planning with the fundamental goal of achieving a sustainable competitive advantage. Strategic planning involves an analysis of the company's strategic initial situation prior to the formulation, evaluation and selection of market-oriented competitive position that contributes to the company's goals and marketing objectives.
