Enhanced 911, E-911 or E911 is a system used in North America to automatically provide the caller's location to 911 dispatchers. 911 is the universal emergency telephone number in the region. Outside of Canada, Mexico, and the United States, this type of facility is often called caller location. In the European Union, a similar system exists known as E112 (where 112 is the emergency access ...
