1 Understanding Organizational Culture: A Key Leadership Asset

Understanding Organizational Culture: A Key Leadership Asset

Industrial and organizational psychology (I/O psychology), which is also known as occupational psychology, organizational psychology, and work and organizational psychology, is an applied discipline within psychology. I/O psychology is the science of human behaviour relating to work and applies psychological theories and principles to organizations and individuals in their places of work as ...

Industrial and organizational psychology - Wikipedia

In organizational behavior and industrial and organizational psychology, organizational commitment is an individual's psychological attachment to the organization. The basis behind many of these studies was to find ways to improve how workers feel about their jobs so that these workers would become more committed to their organizations.

Organizational commitment - Wikipedia

The meaning of work literature is the product of a long tradition of rich inquiry spanning many disciplines. Yet, the field lacks overarching structures that would facilitate greater integration, consistency, and understanding of this body of research.
