Innovation in American Regions: Tools for Economic Development

Introduction. The formal managerial hierarchy in modern organizations is as persistent as are calls for its replacement. The managerial hierarchy, which took hold in organizations in the late nineteenth and early twentieth centuries, has proved remarkably resistant to change. 1 Norms, mindsets, and cultural assumptions that pervade modern organizational life combine to reinforce an all but ...

A value network is a business analysis perspective that describes social and technical resources within and between businesses. The nodes in a value network represent people (or roles). The nodes are connected by interactions that represent tangible and intangible deliverables. These deliverables take the form of knowledge or other intangibles and/or financial value.
