Intelligence To be intelligent you first have to know what being Intelligent is. And you also have to know what being ignorant is. Ignorant is just another word for "Not knowing".But not knowing is not always obvious or clearly understood.That's because learning is not fully understood. The more you learn the more you should realize what you didn't know.

Finally, and perhaps most consequentially, 2018 was the year that tech companies lost the benefit of the doubt from governments. This was a result of a growing body of investigations, academic research and enterprise reporting detailing the ways in which social platforms have been used to undermine democracy.
