plakoto board game strategy pdf

Tables is a general name given to a class of board games similar to backgammon, played on a board with two rows of 12 vertical markings called "points". Players roll dice to determine the movement of pieces. Tables games are among the oldest known board games, and many variants are played throughout the world.

Tables (board game) - Wikipedia

Backgammon is one of the oldest known board games. Its history can be traced back nearly 5,000 years to archeological discoveries in the Middle East, originally in Iran. It is a two player game where each player has fifteen pieces (checkers) which move between twenty-four triangles (points) according to the roll of two dice. The objective of the game is to be first to bear off, i.e. move all ...
