Industrial arts is an educational program which features fabrication of objects in wood or metal using a variety of hand, power, or machine tools. It may include small engine repair and automobile maintenance, and all programs usually cover technical drawing as part of the curricula. As an educational term, industrial arts dates from 1904 when Charles R. Richards of Teachers College, Columbia ...

Mexican art consists of various visual arts that developed over the geographical area now known as Mexico. The development of these arts roughly follows the history of Mexico, divided into the prehispanic Mesoamerican era, the colonial period, with the period after Mexican War of Independence further subdivided. Mexican art is usually filled most of the time with intricate patterns.
