The economic policy of the George W. Bush administration was characterized by significant income tax cuts in 2001 and 2003, the implementation of Medicare Part D in 2003, increased military spending for two wars, a housing bubble that contributed to the subprime mortgage crisis of 2007â€“2008, and the Great Recession that followed. Economic performance during the period was adversely affected ...

Economic policy of the George W. Bush administration

In his 1980 campaign speeches, Reagan presented his economic proposals as a return to the free enterprise principles, free market economy that had been in favor before the Great Depression and FDR's New Deal policies. At the same time he attracted a following from the supply-side economics movement, which formed in opposition to Keynesian demand-stimulus economics.
