Plasma cosmology is a non-standard cosmology whose central postulate is that the dynamics of ionized gases and plasmas play important, if not dominant, roles in the physics of the universe beyond the Solar System. In contrast, the current observations and models of cosmologists and astrophysicists explain the formation, development, and evolution of astronomical bodies and large-scale ...

I initially planned to replicate yesterday's™ card (original post and details here) for today's™ video but enjoyed experimenting with the Heartfelt Blooms stamp set so much I made color and design changes.. My favorite change-up is stamping the floral image on the envelope flap for a really pretty presentation!
