

program evaluation a step pdf

The first step in the CDC Framework approach to program evaluation is to engage the stakeholders. Stakeholders are people or organizations that are invested in the program, are interested in the results of the evaluation, and/or have a stake in what will be done with the results of the evaluation.

Framework Step 1 Checklist | Program Evaluation | CDC

Effective program evaluation is a carefully planned and systematic approach to documenting the nature and results of program implementation. The evaluation process described below is designed to give you good information on your program and what it is doing for students, clients, the community and society.

PROGRAM EVALUATION MODEL 9-STEP PROCESS

to program evaluation. CIPP stands for: " Context evaluation " Input evaluation " Process evaluation " Product evaluation " These components are or can be viewed as separate forms of evaluation, but they can also be viewed as steps or stages in a comprehensive evaluation.
