Mysticism is the practice of religious ecstasies (religious experiences during alternate states of consciousness), together with whatever ideologies, ethics, rites, myths, legends, and magic may be related to them. It may also refer to the attainment of insight in ultimate or hidden truths, and to human transformation supported by various practices and experiences.

Higher consciousness is the consciousness of a higher Self, transcendental reality, or God. It is "the part of the human being that is capable of transcending animal instincts". The concept was significantly developed in German Idealism, and is a central notion in contemporary popular spirituality. However, it has ancient roots, dating back to the Bhagavad Gita and Indian Vedas
